

OSHA 10 – General, Construction, & Marine Industry

Course Title:	OSHA 10 – General Industry, Construction, & Marine
Regulatory & Technical Reference:	29 CFR 1910.95; 29 CFR 1910.120; 29 CFR 1910.145; 29 CFR 1910.146; 29 CFR 1910 Sub D, E, H, I, L, N, O, and Z
Target Groups:	All entry level workers in the general industry, construction, or marine industry fields.
Prerequisites:	None.
Objective:	This training program is intended to provide entry level workers in the general, construction, or marine industry information about their rights, employer responsibilities, and how to file a complaint as well as how to identify, abate, avoid and prevent job related hazards on a job site.
Course Design:	The training covers a variety of industry safety and health hazards which a worker may encounter. Training will emphasize hazard identification, avoidance, control, and prevention.
Completion Requirements:	Classroom presentation followed by a closed book examination, which requires at least a 70% for successful completion.
Course Length:	10 Hours (7.5 hours maximum / day)
Class Size:	1 – 40
